

sgapiTrimStr(%%string)

Last Modified on 01/30/2015 4:32 pm EST

This is equivalent to the [chop](#) function in PHP. This will remove the trailing whitespace.

Example

The below example will output the following: Text to Left all this whitespaceText to Right.

```
%% string = '    all this whitespace    ';  
%%output .= 'Text to Left'.sgapiTrimStr(%%string).'Text to Right';
```
