

# sgapiArraySet(%%array,%%index,%%str

This function sets the value of an item within an array.

## Example

In the below example we change the value of textbox 10003 from a list of textboxes to 'Amelie'.

```
%%movies = sgapiGetValue(5);
%%foreign = 10003;
%%value = 'Amelie';

sgapiArraySet (%%movies, %%foreign, %%value);

sgapiSetValue (5,%%movies);
```
